ADOPTION OF AGENDA

PUBLIC WORKSHOP

PUBLIC WORKSHOP ON THE VILLAGES DRAFT ENVIRONMENTAL IMPACT REPORT (DEIR)

The Loomis Town Council will conduct a public workshop to solicit input and comments from public agencies and the general public on the Draft EIR for the Villages at Loomis project. No action will be taken at this workshop. This workshop is intended to receive public comment on the adequacy of the Draft EIR.

The proposed project consists of a village-themed retail center, commercial and professional uses, detached single-family residential units and multiple-family residential units, parks, and open space. A total of 426 residential units are proposed along with 56,000 square feet in commercial uses and 25,000 square feet in office uses. The project would be organized into five districts, with access from Horseshoe Bar Road, Laird Street, Library Drive, an extension of Doc Barnes Drive, and King Road.

Approximately 10 acres of open space is proposed surrounding the drainage/riparian corridor in the central portion of the project site. The project would also include three passive parks on 1.25 acres, and two active parks on 0.6 acre.

SIGNIFICANT IMPACTS: The Draft EIR identifies significant impacts in the following California Environmental Quality Act (CEQA) environmental issue areas: land use; biological resources; cultural resources; visual resources; transportation; noise; air quality; greenhouse gas emissions; geology, soils, and seismicity; hydrology and water quality; public services and utilities; hazards and hazardous materials; and cumulative.

As described in the DEIR, many of these impacts can be fully mitigated however some cannot. These impacts would remain significant and unavoidable, and would include impacts to biological resources (4.3-6), cultural resources (4.4-1), visual resources (4.5-2), transportation (4.6-8), air quality (4.8-1), and greenhouse gas emissions (4.9-1 and 4.9-2).
